

Scuba diving live-aboard vessel to delight divers

Scuba diving live-aboard vessel to delight divers

DC CORRESPONDENT

CHENNAI, SEPT.15

Imagine staying onboard a vessel and taking a plunge into the crystal clear blue waters, as often as one desires, in the idyllic Andaman Island which is known as divers' paradise. This unique experience at an exotic spot, which is being offered by a Chennai-based tour operator for the first time, is expected to give impetus to adventure activities.

The vessels offer guests all modern conveniences, along with the opportunity to explore glorious underwater vistas or just unwind

and take in the fresh air and sunshine.

The INFINITI – a luxury vessel – has been built in Thailand under the supervision of the Royal Institution of Naval Architects (RINA) from Italy.

It is touted as India's first-ever live-aboard that ensures an opportunity to explore dive sites in the pristine waters off the Andamans. Launched by Karina Tourism and Adventures, the INFINITI is 130-feet long.

The operators offers 5-day trips to fresh and exotic diving sites in the Andaman Islands waters.
